18 November 1980

MEMORANDUM FOR: Chief, Policy and Plans Group

FROM: [REDACTED]

Deputy Director of Security (PTOS)

SUBJECT: Entries for the DDA Log
13 - 18 November 1980

1. On 12-14 November 1980 two members of Technical Security Division (TSD) visited [REDACTED]

[REDACTED] to discuss the maintenance of the Microlab/FXR Non-Linear Junction Detector. (C)

3. On 17 November 1980, three members of TSD attended an R&D [REDACTED] on Laser/Optics. With revised threat information TSD will draft a descriptive recommendation that the current ORD project be thoughtfully reviewed. (S)

4. Twelve members of the TSD are currently overseas conducting audio countermeasures inspections in SE, NE, AF, LA, and EUR Division areas. A joint ACM inspection trip [REDACTED] is being planned by representatives of TSD and their Department of State counterparts. (S)

5. On 16 November, Chief, Information Systems Security Group (ISSG), departed CONUS with a representative of the Office of Communications on a 1-week trip to our stations in [REDACTED]

[REDACTED] The visit was requested by IMS/DDO to conduct preliminary inspection of facilities and provide security briefings preparatory to the implementation of the CRAFT system at overseas sites. ISSG recently completed an overseas security requirements paper which will be one of the topics on the agenda. (C)
